### Present and Future of Crisis Management 2009

Dear Friends,

The time of holidays is over and the deadline to send the annotation of your conference contribution (September 30) is approaching.

At this moment, I would like to inform you about the Chairmen of the individual conference sections. The first day is chaired by Jan Pokorný from Czech National Radio. The second day is divided to two sections. The first section is Security and will be lead by Jaroslav Šmíd from the Czech National Security Authority. The second section is Crisis Management – Mission-Critical Systems and will be lead by Milan Kný from the Police Academy of the Czech Republic in cooperation with Radim Roudný from the University of Pardubice.

During September we will send out paper invitations and invitation letters by mail to those interested. You could request them via email and they will be dispatched as soon as possible. All the documents sent by mail will also be accessible online where you can view them and print out.

For faster orientation I would like to inform you about the important addresses.

For an inspiration while writing your annotation the material from previous conferences is available on [Conference 2007](#).
